	and an undetermined number of flatcars carrying 20 T-34/85 tanks, 1 rocket launcher, about 3 x 120-mm mortars and 20 trucks with billating equipment went to Dessau from the direction of lagdeburg.
X125X1°	thich arrived on A october belongs to the 34th rty Div (Us) in Fotsdam. The arrival of this unit as well as the preparations made in the installation in Mosslau and the fact that the unidentified engineer regiment of the GOrG stayed in the Jossau-Ben training area tend to indicate that large fall exercises
